

Key Stage 4 Options Booklet 2023-2024

Helping you choose your path to success

ASPIRE - BELIEVE - ACHIEVE

Introduction

Student:

Welcome to your Key Stage 4 Options Booklet, 2023. The choices on this pathway are structured to provide a balanced curriculum that leads to post 16 higher level qualifications and University.

In order to identify the most appropriate subjects for your future studies, please read the information carefully within each subject specific page so we can best advise you on your KS4 journey.

You will have a choice of three options.

Your first choice will be your Humanities Option and then you will need to choose two others from the blocks on the next page.

Please ensure that you are happy with both your 1st and 2nd choice. **You will be awarded your 2nd choice in the event of your 1st choice being oversubscribed.*

Parent/Carer:

This booklet is designed to help you understand the Options process. You should read this booklet carefully with your child, who will also have had a chance to discuss subject choices with teachers so you can come to a careful and considered decision.

There will be a Consultation Evening in May, during which you will have the opportunity to finalise the choices made by your child and have any questions answered.

You will be sent more information about this event in due course.

IMPORTANT

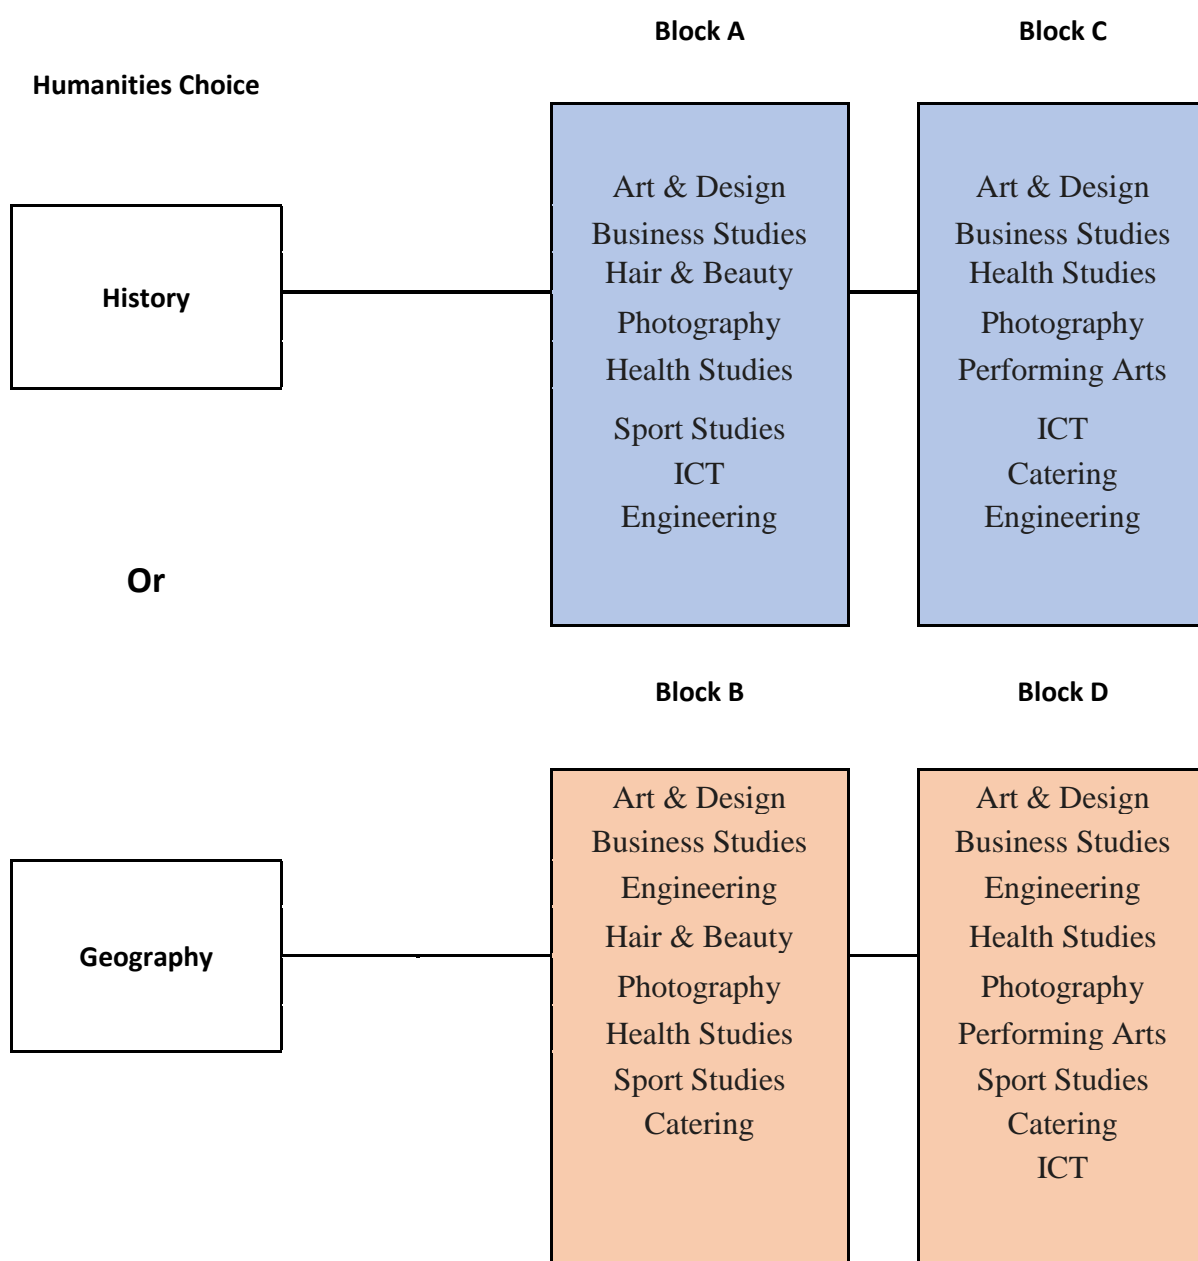

1. Please read this booklet carefully before attending your consultation evening appointment.
2. Please look at the options available on your targeted pathway.
3. If you want further information please contact Ms Cahill via reception at the Lower Academy

MAINSTREAM PATHWAY

Students will study:

- **CORE GCSE SUBJECTS** (Compulsory – you have to study them): English Language and Literature, Maths, Combined Science & French.
- You will also have three non-assessed core subjects- PE, RE & PSHE.
- All students will study **3 Optional Subjects** from the blocking below; students must select a 1st and 2nd choice from each block. If you choose History, you will choose from block A & C. If you choose Geography, you will choose from block B & D.

**Please ensure that you are happy with both your 1st and 2nd choice. You will be awarded your 2nd choice in the event of your 1st choice being oversubscribed.*

Core Subject Information

ENGLISH LANGUAGE

Course/Examination Board:

English Language GCSE – AQA - 8700

Subject contact:

Miss Z Ali: zali@basildonacademies.org.uk

What will I study?

The English GCSEs allow students many opportunities to develop their skills in reading, understanding and analysing a wide range of different texts and in writing clearly.

Skills

Students will study a wide range of 19th, 20th and 21st Century texts including literature and literary non-fiction as well as other forms such as reviews and journalism.

Students will develop their skills in reading and evaluating texts critically to make connections and comparisons. They will build their skills of summarising and synthesising ideas and information.

This will also develop writing skills – students will have the opportunity to write for different purposes and audiences and will develop their understanding of how to structure their work for effect. Students will develop their understanding of how to use word choices, punctuation and rhetorical devices to create impact in their work.

Examinations

This is a linear course with two examinations at the end of the course. Students will continue their English Language studies throughout their time and take the GCSE examination for this subject in Year 11.

Paper 1 – Explorations in Creative Reading and Writing

Section A – Reading - Unseen Literature Fiction Text

Students answer a series of short form, longer form and extended questions.

Section B – Writing – Descriptive or Narrative Writing

Paper 2 – Writers Viewpoints and Perspectives

Section A – Reading – Unseen Non-Fiction Text and Literary Non-Fiction Text

Students answer a series of short form, longer form and extended questions to demonstrate their understanding of how different writers present a similar topic over time.

Section B – Writing – Writing to present a viewpoint

Each exam lasts 1 hr 45 mins and is worth 50% of the final GCSE Grade

Speaking and Listening

This non-exam unit is compulsory to complete the GCSE and a separate mark will be given based on students' contributions through presentations and opportunities to respond and feedback.

Career possibilities:

English is an important subject. Colleges, employers and universities all require students to have a qualification in English at GCSE level. A good understanding of English will help with the understanding of all subjects. There are possibilities to study English in the Sixth Form. A higher-grade result at GCSE level will be necessary for entry for A Level courses in the Academies Sixth Form and most other sixth forms and colleges.

Useful Websites:

ENGLISH LITERATURE

Course/Examination Board:

English Literature GCSE – AQA

Subject contact:

Miss Z Ali: zali@basildonacademies.org.uk

What will I study?

This course offers students an opportunity to develop an appreciation of the English Literary Heritage by reading a wide range of classic literature and make critical connections between these.

Skills

Literature allows students to explore aspects of plot, characterisation, events and setting to see how these are crafted to create impact. Students will develop their confidence in explaining the motivation, sequencing of events and relationship between actions and events.

Students will be able to identify the themes and how these are created through the writer's choice of vocabulary, grammatical and structural features as well as form an appreciation of the social, historical and cultural contexts of the writers.

Examinations

This is a linear course with two examinations at the end of the course. Students will be taking this examination at the end of Year 11 alongside their Language GCSE.

Paper 1 – Shakespeare and the 19th Century Novel – 1 hr 45 mins = 40% of GCSE

Students will be given an extract from each text which they must write about as well as show knowledge of the full text.

Shakespeare Text – 'Macbeth'

19th Century Novel – 'The Sign of Four' – Sir Arthur Conan Doyle

Paper 2 – Modern Texts and Poetry – 2 hr 15 mins = 60% of GCSE

Modern Text – 'An Inspector Calls' – J.B. Priestley

Poetry – Anthology of 15 poems entitled 'Love and Relationships'

Unseen Poetry – students answer one question on an unseen poem and a comparative question on a second unseen poem.

Career possibilities:

English Literature is an important subject. Colleges, employers and universities all require students to have a qualification in English Language or Literature at GCSE level. A good understanding of English Literature will help with the understanding of all subjects. There are possibilities to study English in the Sixth Form. A higher-grade result at GCSE level will be necessary for entry for AS and A2 courses in the Academies Sixth Form and most other sixth forms and colleges.

MATHEMATICS

Course/Examination Board:

Mathematics

Pearson Edexcel: GCSE (9 - 1) in Mathematics (1 MA1)

Subject contact:

Mr S Bellenie: sbellenie@basildonacademies.org.uk

Qualification overview

The assessments will cover the following content headings:

- 1 Number
- 2 Algebra
- 3 Ratio, proportion and rates of change
- 4 Geometry and measures
- 5 Probability
- 6 Statistics

Two tiers are available: Foundation and Higher. Each student is permitted to take assessments in either the Foundation tier or Higher tier but all papers must be sat at the same tier of entry. The qualification consists of three equally-weighted written examination papers. Paper 1 is a non-calculator assessment and a calculator is allowed for Paper 2 and Paper 3.

Each paper is 1 hour and 30 minutes long and is worth 80 marks. Each paper has a range of question types; some questions will be set in both mathematical and non-mathematical contexts. Assessment will take place in June of Year 11.

The qualification will be graded and certificated on a nine-grade scale from 9 to 1 using the total mark across all three papers where 9 is the highest grade:

- Foundation tier: grades 1 to 5.
- Higher tier: grades 3 to 9.

Career possibilities:

Mathematical competence is important in most areas of study at higher level but particularly in science, engineering, technology and finance. A higher GCSE grade qualification in Mathematics is essential for AS and A2 courses in either pure or applied mathematics, and is also an advantage to students seeking later suitable employment, training or apprenticeships.

COMBINED SCIENCE

Course/Examination Board:

AQA GCSE Combined Science: Trilogy

Subject contact:

Ms R Webb: rwebb@basildonacademies.org.uk

What will I study?

This course is designed to inspire and challenge students of all abilities and aspirations.

Students will achieve 2 GCSE's (Grade 1-9)

The subject content is split into Biology, Chemistry and Physics sections

Biology

- Cells and organisation
- Disease and bioenergetics
- Biological response
- Genetics and reproduction
- Ecology

Chemistry

- Atoms, bonding and moles
- Chemical reactions and energy changes
- Rates equilibrium and organic chemistry
- Analysis and Earth's resources

Physics

- Energy and energy resources
- Particles at work
- Forces in action
- Waves and electromagnetism

The Combined Science Qualification:

How will it be assessed?

6 externally assessed exams each

- 70 marks
- 1h 15min
- 1/6 of qualification
- Foundation or Higher Tier

Career possibilities:

There really are no limits to the type of job studying science could lead to. You could get a well-paid and respected job in thousands of professions:

- Interested in people and how the mind works? You could become a clinical psychologist.
- Do you live for football? Then sports science could be the job for you.
- Like the idea of designing and building structures? Perhaps you are an engineer?
- If you want to be involved in combating diseases and treating people who are ill, how about a career in medicine?
- Dentistry is a great choice if you want to put a smile on people's faces.
- Love music, but don't fancy appearing on Pop Stars? Music technology is a very popular choice.
- Are you obsessed by animals? Animal health is a great career choice for anyone who wants to improve their lives.

You may be surprised to hear this, but the skills you gain from studying science will open up opportunities in areas that are not obviously science related. For example:

- | | | |
|-------------|-------------------|-----------------------------|
| • Finance | • Patent law | • Media and film production |
| • Teaching | • Photography | • Food technology |
| • Marketing | • Art restoration | |

FRENCH

Course/Examination Board:

GCSE French/AQA

Subject Contact:

Ms C Gham-Boh: cgham-boh@basildonacademies.org.uk

What will I study?

The course consists of 4 units aimed to give you a knowledge and understanding of French as a modern foreign language through the skills used in listening, reading, writing and speaking.

You will cover three different themes across the 4 areas:

Theme 1- *Identity and culture* which covers - Me, my family and friends, technology in everyday life, free time activities and customs and festivals in French- speaking countries/communities.

Theme 2- *Local, national, international and global areas of interest* which covers - Home, town, neighbourhood and region, social issues, global issues and travel and tourism

Theme 3- *Current and future study and employment* which covers - My studies, life at school and college, education post-16 and jobs, career choices and ambitions

How will I be assessed?

The course is assessed over 4 units; each unit is worth 25% of the final GCSE grade and is externally examined at the end of year 11.

Unit 1: Listening

Unit 2: Speaking

Unit 3: Reading

Unit 4: Writing

Career possibilities:

- Teaching
- Translation
- International relations
- Travel and Tourism

RELIGIOUS EDUCATION

Course/Examination Board:

Religious education/ Non-assessed Unit

Subject contact:

Mrs K Mallinder: kmallinder@basildonacademies.org.uk

What will I study?

Students will be expected to show their understanding of religion through the application of teachings from religion and beliefs.

World Religions

In this unit learners will explore differing religious views around the world. The six main religions we focus on are Christianity, Buddhism, Judaism, Hinduism, Sikhism and Muslim. In these lessons, students will investigate core beliefs and practices in the modern world.

The A to Z of Religious Practice

In this unit students will explore a variety of different religious topics and beliefs that relate to the main world religions we have looked at in the first term. Controversial issues are discussed maturely such as xenophobia, extremism, attitudes to life after death, religious dress, with the aim to explore difficult issues, views and concepts. Through Religious Education Enrichment, lessons ensure that students understand and respect others views gaining an insight into the culturally diverse world that we live in. We focus on how different attitudes and beliefs can make the world a better place to be in.

Religion in the Media

Religious stereotypes can be found in film, from the portrayals of Eastern religions seen in *Kung Fu Panda* and *Avatar*, which combine diverse faiths such as Buddhism, to the action-packed portrayals of Christianity seen in *The Da Vinci Code*. In this unit we explore the ways in which media outlets stereotype religion, as well as the most common religious issues covered in contemporary media and how this adds to our views and understanding of world religions.

How will I be assessed?

Quiz tasks

Self-assessment tasks

Useful Websites

<https://www.bbc.co.uk/bitesize/examspecs/zy7spbk>

Course/Examination Board:

Non-Assessed Unit

Subject Contact:

Miss Barnard: bbarnard@basildonacademies.org.uk

What will I study?

RSHE aims to educate pupils in ways they can stay safe, healthy and ready for life away from school. This will enable them to gain knowledge, understanding and skills to help with certain situations that they could face now or in the future. RSHE aims to provide students with a non-biased approach to controversial topics and gives them the opportunity to develop and form their own opinions and healthy relationships. The subject is centred around 6 core themes that have been visited in year 7-9 with some progressions that follow a spiral curriculum. The core themes students look at include;

- Violence, Crime and seeking safety
- Warning, Relationships and sex education
- Mental Health and Wellbeing
- Rights and Responsibilities
- Exploring World Issues
- Exploring British Values

Students will have the opportunity to experience a range of drop-down days, interventions, guest speakers and experiences about a range of topics. These topics include:

- First aid
- Consent and positive relationships
- Healthy lifestyles
- Staying safe
- Careers

How will I be assessed?

There are no external assessments, however there are regular tasks and assessments to assess pupils understanding of the topics covered and to promote engagement. Once all tasks have been completed in their provided booklets, they will be awarded a certificate of completion.

Career possibilities:

By studying RSHE, it allows pupils to reinforce and build transferable skills which are applicable in every career opportunity. These skills include;

- | | | |
|----------------------------------|----------------------|-------------------------|
| • Motivation | • Using social media | • Concentration |
| • Communication | • Self-reflection | • Dealing with failure |
| • Facing challenges | • Self-belief | • Dealing with pressure |
| • Building confidence | • Mental health | • Honesty |
| • Building healthy relationships | • Good habits | • Respect |
| | • Positive mind-set | |

Physical Education

Course/Examination Board:

Non-assessed Unit

Subject contact:

Mrs N Moore: nmoore@basildonacademies.org.uk

What will I study?

Students will be expected to show their understanding of physical education through a variety of sports that develop their personal fitness and promotes an active, healthy lifestyle. Student will tackle complex and demanding physical activities.

Students will:

- use and develop a variety of tactics and strategies to overcome opponents in team and individual games [for example, badminton, basketball, cricket, football, hockey, netball, rounders and rugby]
- develop their technique and improve their performance in other competitive sports [for example, athletics and fitness]
- take part in further outdoor and adventurous activities in a range of environments which present intellectual and physical challenges and which encourage pupils to work in a team, building on trust and developing skills to solve problems, either individually or as a group
- evaluate their performances compared to previous ones and demonstrate improvement across a range of physical activities to achieve their personal best
- continue to take part regularly in competitive sports and activities outside school through community links or sports clubs

Year 10

Sports covered: Basketball/netball, fitness, rugby/trampoline, athletics, cricket/rounders, OAA

Year 11

Sports covered: Fitness/table tennis, street netball/cricket, Badminton/trampoline, volleyball/handball, football/basketball, OAA, lacrosse/rounders

Humanities Options

GEOGRAPHY

Course/Examination Board:

GCSE Geography

Subject contact:

Mrs K Mallinder: kmallinder@basildonacademies.org.uk

What will I study?

The course consists of 3 components aimed to give you knowledge and understanding of the world around you. You will learn about the changing landscapes of the UK, weather hazards, climate changes and ecosystems, biodiversity and management. You will study the human environment learning about changing cities, global development and resource management. Finally, you will carry out geographical investigations into physical and human environments. The course will include field work in Walton-on-the-Naze.

How will I be assessed?

The course is assessed over 3 units;

- **Unit 1:** Living with the physical environment: Written exam: 1 hour 30 minutes, 88 marks, 35% of GCSE
- **Unit 2:** Challenges in the Human Environment: Written exam: 1 hour 30 minutes, 88 marks, 35% of GCSE
- **Unit 3:** Geographical Applications: Written exam: 1 hour 15 minutes, 76 marks, 30% of GCSE. (Pre-release materials are made available prior to the Paper 3 exam and these will be assessed as part of this paper.)

Career possibilities:

- University degree courses
- Sixth form courses
- Employment in local government
- Planning and construction
- Travel and leisure industries
- Teaching
- Journalism.
- The Armed Services encourage the use of mapping and other geographical skills.

Useful Websites:

HISTORY

Course/Examination Board:

GCSE History/AQA

Subject Contact:

Mrs K Mallinder: kmallinder@basildonacademies.org.uk

What will I study?

The course consists of 4 units aimed to give you a knowledge and understanding of a diverse range of History topics as well as developing your skills of analysis and enquiry. You will learn about Medicine in Britain across time, Opportunities and Inequality in America between 1920 and 1973, Elizabethan England, and conflict and tension following World War 1, leading to the build up to World War 2. You will also develop your source analysis skills and gain further awareness of how the past has been represented and interpreted.

How will I be assessed?

The course is externally assessed over 2 papers at the end of year 11. The papers are divided as follows:

Paper 1: Understanding the Modern World, 50% of the final GCSE grade, 2hour exam on America and The Inter War Years

Paper 2: Shaping the Nation, 50% of the final GCSE grade, 2hour exam on Medicine in Britain and Elizabethan England

Career possibilities:

- Teaching
- Administration/ management/Business
- Journalism
- Law
- Politics
- Theatre

Option Block Choices

ART & DESIGN

Course/Examination Board:

Eduqas GCSE Art and Design

Subject contact:

Miss D Reynolds: dreynolds@basildonacademies.org.uk

What will I study?

If you enjoy being creative, enthusiastic and imaginative, as well as experimenting and taking risks with your work then GCSE Art and Design is the ideal subject for you.

The GCSE covers a range of activities and in-depth assignments. You will have the opportunity to experiment with different media in order to explore your strengths and preferences.

You will develop your skills in a variety of areas including

- Observational drawing
- Printmaking
- Collage and mixed media
- Painting
- Ceramics
- Written analysis of your own and other's work

Whatever you choose, the main aim of the course is to develop your visual language skills and for you to build a comprehensive portfolio of work to progress to further courses or employment.

How will I be assessed?

Unit 1 60% Personal Portfolio in Art and Design	Unit 2 40% Externally Set task in Art and Design
Internally set and marked; assessed through controlled assessment.	Externally set theme; assessed through controlled assessment, internally marked and externally verified
You will be assessed using 4 assessment objectives	

Career possibilities:

The course is good preparation for progression to AS level Art and design, Level 3 BTEC Nationals in Art and Design or other suitable college courses. Following this it would be possible to study Art and Design at degree level or gain employment in a wide variety of professions including fine art, new media, games development, games technologies and more.

PHOTOGRAPHY

Course/Examination Board:

Eduqas GCSE: Art & Design - Photography

Subject contact:

Miss D Reynolds: dreynolds@basildonacademies.org.uk

What will I study?

This GCSE is designed to develop your artistic and photography skills and expand your creativity, imagination and independence. This course will enable learners to explore the techniques and applications of photography. As an introduction to the course, pupils will begin by getting to know the camera. Learners will explore both digital and film-based photographic techniques and processes. Learners will then develop ideas based on a specific theme, creating a range of photographic images for their portfolios, followed by an externally set assignment.

You will develop your skills in a variety of areas including

- Photographic Techniques and Applications
- Working with Photography Briefs
- Studio Photography
- Experimental Manipulation and Photoshop
- Creative Camera Techniques
- Location Photography

How will I be assessed?

Unit 1 Personal Portfolio – 60%	Unit 2 Externally Set task – 40%
Internally set and marked; assessed through controlled assessment.	Externally set theme; assessed through controlled assessment, internally marked and externally verified.
Each unit is assessed separately. You will be assessed using 4 assessment objectives of develop, refine, record, present.	

Facilities available

- 2 high tech studios
- Large dark room and development room
- Photographic digital suite
- SLR cameras

Career possibilities:

The course is good preparation for progression to further education and Level 3 BTEC Nationals in Photography or suitable college/ vocational courses. Following this it would be possible to study photography at degree level or gain employment in fine art, new media, games development or games technologies, as well as digital photography, video and more.

BUSINESS STUDIES

Course/Examination Board:

Edexcel L1/L2 BTEC Tech Award in Enterprise

Subject contact:

Mr H Williams: hwilliams@basildonacademies.org.uk

What will I study?

- The features and characteristics of business enterprises
- The key skills of setting up and running business enterprises
- The marketing methods, financial records, planning and forecasting used for business enterprise

How will I be assessed?

The Edexcel BTEC Level 1/2 Tech Award in Enterprise is a 120-guided learning hour (GLH) qualification that consists of three mandatory components. One of the components will be externally assessed through an exam. The other two components will require students to sit controlled-assessment exams that internally assessed but externally moderated.

Course comprises:

Component 1: Exploring Enterprises (36 guided learning hours)

Component 2: Planning and presenting a micro-enterprise idea (36 guided learning hours)

Component 3: Marketing and Finance for enterprise (48 guided learning hours)

Total raw marks available are:

- Component 1: 60 marks
- Component 2: 60 marks
- Component 3: 60 marks

The total raw marks achieved will be converted into Uniform Mark-Scheme points (UMS) to be awarded a final grade. The course pass grades available range from Level 2 Distinction* to Level 1 Pass. Students who do not gain enough UMS points to achieve Level 1 Pass, will be Ungraded.

Career possibilities:

Entrepreneur

Administration / management

Marketing

Sales

Teaching

Finance

Human Resources

HOSPITALITY & CATERING*

Course/Examination Board:

WJEC Vocational Award in Hospitality and Catering

Subject contact:

Ms K Bowman: kbowman@basildonacademies.org.uk

What will I study?

Unit 1 enables learners to gain and develop comprehensive knowledge and understanding of the hospitality and catering industry including provision, health and safety, and food safety.

Unit 2 enables learners to develop and apply knowledge and understanding of the importance of nutrition and how to plan nutritious menus. They will learn the skills needed to prepare, cook and present dishes. They will also learn how to review their work effectively.

How will I be assessed?

Summary of Assessment	
Unit 1: The hospitality and catering industry Written examination: 1 hour 20 minutes 40% of qualification	80 marks
Questions requiring short and extended answers, based around applied situations. Learners will be required to use stimulus material to respond to questions.	
Unit 2: Hospitality and catering in action Controlled assessment: approximately 12 hours 60% of qualification	120 marks
An assignment brief will be provided by WJEC which will include a scenario and several tasks available via the WJEC Secure Website.	

In this qualification, learners will also have the opportunity to develop some food preparation and cooking skills as well as transferable skills of problem-solving, organisation and time management, planning and communication.

Career possibilities:

- Bar person / manager
- Concierge
- Chef
- Conferencing and banqueting assistant / manager
- Receptionist
- Waiter / waitress

Useful Websites:

<https://www.wjec.co.uk/qualifications/qualification-resources.html?subject=hospitalityAndCateringSpecA&level=Level12AwardNQF>

ICT

Course/Examination Board:

WJEC: Level 1/2 Vocational Award ICT (Tech Award)

Subject contact:

Mr H Williams: hwilliams@basildonacademies.org.uk

What will I study?

You will explore the wide range of uses of hardware, application and specialist software in society; as well as investigate how information technology is used in a range of contexts, including business and organisations, education and home use of information technology. You will also be introduced to a broad working knowledge of databases, spreadsheets, automated documents and images and enable you to apply your knowledge and understanding to solve problems in vocational settings.

How will I be assessed?

You will complete 2 assessments:

- Unit 1: ICT in Society (Externally assessed exam)
- Unit 2: ICT in Context (Internally assessed controlled-assessment)

Assessments comprises:

- **Unit 1: ICT in Society On-screen examination: 1 hour 20 minutes (40% of qualification 80 marks)** Questions requiring objective responses, short and extended answers, based around applied situations. You will be required to use stimulus material to respond to questions.
- **Unit 2: ICT in Context Controlled assessment: 40 hours (60% of qualification 120 marks)** An assignment brief will be provided by WJEC which will include a scenario and several tasks that you will be required to complete.

Career possibilities:

Most job roles in any profession require good ICT knowledge and skills which this course provides.

Specific career possibilities include:

Systems Analyst
Penetration Tester
Esports Coach
Esports Event Manager

Useful Websites:

www.wjec.co.uk

HEALTH STUDIES

Course/Examination Board:

Edexcel BTEC Level 1/2 Tech Award in Health and Social Care

Subject contact:

Ms A-L Taylor: altaylor@basildonacademies.org.uk

What will I study?**1. Human Lifespan Development**

In this unit learners will investigate how, in real situations, human development is affected by different factors and that people deal differently with life events.

2. Health and Social Care Services and Values

In this unit learners study and explore practically, health and social care services and how they meet the needs of real service users. They also develop skills in applying care values.

3. Health and Wellbeing

In this unit learners will study the factors that affect health and wellbeing, learning about physiological and lifestyle indicators, and how to design a health and wellbeing improvement plan.

This is the exam component that will be sat twice in Year 11.

How will I be assessed?

Component 1: Coursework component (30%)

Component 2: Coursework component (30%)

Component 3: Exam component (40%) – A 2 hour external examination to be completed in Year 11.

For coursework components will be able to make a folder of notes to take in their assessment.

PERFORMING ARTS

Course/Examination Board:

Pearson BTEC Level 1/Level 2 Tech Award in Performing Arts

Subject contact:

Miss D Reynolds: dreynolds@basildonacademies.org.uk

What will I study?

This course is for learners who want to acquire technical knowledge and technical skills through vocational contexts by studying acting, dance or musical theatre.

The course is made up of three components: two that are internally assessed and one that's externally assessed. Our three-block structure, explore, develop and apply, has been developed to allow you to build on and apply your knowledge. This allows you to grow in confidence and then put into practice what they have learned.

You will develop your skills in a variety of areas including

How will I be assessed?

Component 1 - Exploring the Performing Arts – Internal Assessment	Component 2 - Developing Skills and Techniques in the Performing Arts – Internal Assessment	Component 3 - Performing to a Brief – External Assessment
During Component 1, you will: <ul style="list-style-type: none"> • explore performance styles, creative intentions and purpose • investigate how practitioners create and influence what's performed • discover performance roles, skills, techniques and processes. 	During Component 2, you will: <ul style="list-style-type: none"> • take part in workshops, classes and rehearsals • gain physical, interpretative, vocal and rehearsal skills • apply these skills in performance • reflect on their progress, their performance and how they could improve. 	To achieve this aim, your students will: <ul style="list-style-type: none"> • use the brief and previous learnings to come up with ideas • build on their skills in classes, workshops and rehearsals • review the process using an ideas and skills log • perform a piece to their chosen audience • reflect on their performance in an evaluation report.
30% of total course	30% of total course	40% of total course

Teacher/ instructor

Playwright
Movie Director
Professional Stage Manager
Set and Costume Designer
Performer

ENGINEERING*

Course/Examination Board:

WJEC Level 1/2 Vocational Award in Engineering (Technical Award)

Subject contact:

Ms K Bowman: kbowman@basildonacademies.org.uk

What will I study?

Unit 1 provides learners with the opportunity to interpret different types of engineering information in order to plan how to manufacture engineering products. Learners will develop knowledge, understanding and skills in using a range of engineering tools and equipment in order to manufacture and test an end product.

Unit 2 allows learners to explore how an engineered product is adapted and improved over time, and it offers learners the opportunity to apply their knowledge and understanding to adapt an existing component, element or part of the engineering outcome that they manufactured for Unit 1.

Unit 3 introduces learners to a range of considerations that impact on engineering design and how modern engineering has had an impact on modern day life at home, work and in society in general.

Unit	Title	Assessment	GLH
1	Manufacturing engineering products	Internal	48
2	Designing engineering products	Internal	24
3	Solving engineering problems	External	48

Career possibilities:

- Chemical engineering
- Marine engineering
- Structural engineer
- Transport engineer
- Sound engineer
- Aeronautical engineering
- Food engineering
- Textiles engineering

SPORTS SCIENCE

Course

OCR Cambridge Nationals Level 2 in Sport Studies

Subject contact:

Mrs N Moore- nmoore@basilodnacademies.org.uk

What will I study?

You will study a course with units covering the following areas of sports knowledge:

- R180 Reducing the risk of sports injuries and dealing with common medical conditions (Exam)
- R182 Applying the principles of training
- R183 Nutrition and sports performance

You may be interested in this if you want an engaging qualification where you will use your learning in practical, real-life situations, such as:

- Understanding how to prevent and treat sporting injuries
- Understanding how different medical conditions can affect sports performance
- Applying the principles of training to fitness and skills development for sporting activities
- Understanding how to apply knowledge of good nutrition to improve sporting performance
- Understanding how the body systems change and develop in response to physical training
- Understanding how technology can assist in measuring the changes in your body during physical training.

This will help you to develop independence and confidence in using skills that would be relevant to the Exercise, Physical Activity, Sport and Health sector.

The qualification will also help you to develop learning and skills that can be used in other life and work situations, such as:

- Completing research
- Working with others
- Planning training programmes
- Evaluating and making recommendations to help improve performance
- Creating and delivering presentations
- Writing reports
- Leadership skills
- Healthy living and lifestyle skills.

How will I be assessed?

You will be assessed in 3 Mandatory units. These units will consist of both internal and external assessments.

One unit will be externally assessed by the exam board.

Two units will be coursework-based units assessed internally.

Pathways and where this can take you

With this qualification you will be able to go on in to the following:

- Level 3/A Level courses
- Apprenticeships
- Physiotherapist
- Occupational health technician
- Fitness Manager
- Athletic director
- PE teacher
- Strength and conditioning coach
- Links to the Basildon Academies Sport pathway – L3 BTEC in Sport

SPORTS STUDIES

Course

OCR Cambridge Nationals Level 2 in Sport Studies

Subject contact:

Mrs N Moore – nmoore@basildonacademies.org.uk

What will I study?

You will study a course with units covering the following areas of sports knowledge:

- R184 Contemporary issues in sport (exam)
- R185 Practical performance and leadership in sports activities
- R186 Sport in the media

You may be interested in this if you want an engaging qualification where you will use your learning in practical, real-life situations, such as:

- Understanding contemporary issues in sport and how they impact on different sporting activities
- Applying your skills as both a performer in two different sporting activities and as a leader in one sporting activity
- How to be a sports leader, through using your initiative to solve problems and making decisions when dealing with rapidly changing conditions and situations
- Understanding the relationship between sport and the media and applying this to real life examples
- How to evaluate and interpret the different ways in which sport is represented by the media
- Applying your skills to participate in an outdoor and adventurous activity in a natural setting and environment.

This will help you to develop independence and confidence in using skills that would be relevant to the Exercise, Physical Activity, Sport and Health sector.

The qualification will also help you to develop learning and skills that can be used in other life and work situations, such as:

- Completing research
- Working with others
- Planning training programmes
- Evaluating and making recommendations to help improve performance
- Creating and delivering presentations
- Writing reports
- Leadership skills
- Healthy living and lifestyle skills.

How will I be assessed?

You will be assessed in 3 Mandatory units. These units will consist of both internal and external assessments.

One unit will be externally assessed by the exam board.

Two units will be coursework based units assessed internally.
