

How we track destinations:

Provision mapping from Y7 tracks career aspirations for students. However, as we move towards KS4 this information is then logged on Compass+. This enables us to track during discussions and career provision if a student is considering choices for their future.

All students are given one to one careers guidance interviews beginning from Y9 onwards. Students who are in care or deemed vulnerable are prioritised although we ensure every student has at least one such face to face. Students who are vulnerable or are lacking aspiration have multiple discussions to support them as they progress through school. We are keen that students have successful progression routes.

NEET Total – When published in February 2023 the proportion of NEET students had significantly increased due to the sudden closure of the provider Lifeskills. 25 of these students were attending this provider. Students also counted as NEET if in employment. Contact was made with students who attended Lifeskills with support offered in securing a new destination.

- Students remaining in full-time education, training or employment overall figures have remained in proportion with each other between 2017 – 2021.
- 2022 is significantly below previous data due to the sudden closure of a 16-19 provider which students attended.

Destinations

Those students who do not remain at our Sixth Form their destinations vary and have regularly included:

| | |
|---------------------------------|----------------------|
| USP College | PROCAT |
| Lifeskills (now closed) | Debut Academy |
| South Essex College | JET |
| Westcliff High school for Girls | Walthamstow College |
| The Billericay School | Bromfords Sixth Form |
| Appleton School | |

Data sharing agreements to measure longer-term outcomes:

Next steps: ***To be able to obtain data from the Local Authority we will explore a SLA with permissions under GDPR being sought.***

We have permissions from individual students to track their destinations. We can use this information with current students to show them what students go on to do.

Tracking Destinations using Compass+:

Since September 2022 we have been tracking student destinations on Compass+. This will enable us in future years to sustain a much more comprehensive picture of where students progress and not have to rely on alumni information which is incomplete.

Alumni:

We have kept in contact with ex pupils through making contact annually via telephone or email. Some students return to participate in work experience and also to support our careers events.
