Introduction

The Basildon Academies Trust is a UNICEF Rights Respecting Trust which upholds the rights of the child and the inherent right of equality without discrimination. The Basildon Academies will not tolerate any form of racism and is committed to an anti-racist ethos.

Our aim is to eliminate unlawful racial discrimination and to promote equal opportunities and good race relations in all areas of school life. Our policy statement and practice on tackling racism help to identify, challenge and change those attitudes which lead to negative discrimination against people on the basis of their race, colour, nationality, culture, language or religion.

Key principles

This policy sets out the Trust's approach to preventing and dealing with racism, racial discrimination and racist incidents in accordance with the Equality Act 2010. The Trust is committed to creating an environment where all members of the school community are treated with dignity, fairness and respect.. Our aim is to provide an effective framework for the prevention and management of racist incidents within our school. This will support our school in providing a safe and secure environment in which all members of the school community show respect for and value one another.

The Trust recognises its duties under Section 149 of the Equality Act 2010 (Public Sector Equality Duty). In exercising its functions, the Trust will have due regard to the need to eliminate unlawful discrimination, harassment and victimisation; advance equality of opportunity between people who share a protected characteristic and those who do not; and foster good relations between people from different backgrounds and communities.

The policy aims to ensure that:

- Governors, teaching and support staff, students and parents and carers have an understanding of what a racist incident is.
- Governors and teaching and support staff know what the school policy is on tackling and preventing racism and dealing with it if it occurs.
- Students and parents and carers know what the school policy is on racism, and what they should do if a racist event occurs, what they can expect of the school in dealing with racism and what the school is doing to prevent racist incidents.
- Bullying and prejudice-based language of any kind, involving students, adults, staff or parents is unacceptable and will not be tolerated at our school.
- All students have the right to learn in an environment where they feel safe and happy.
- Preventing and tackling racism is part of the school's approach to promoting good behaviour and is supported by our commitment to providing a caring, friendly, respectful and safe learning environment for all of our students where the values of equity, justice, inclusion, voice, respect and wellbeing are taught.
- We promote an inclusive ethos that focuses on respecting one another and celebrating difference and diversity, where racism is never acceptable.
- Preventing and tackling racial incidents are part of our work to support students' social and emotional development and positive mental health and to be recognised as a healthy school.
- Ensuring existing school policies address inappropriate behaviour around racism and other discriminatory practices.
- Recording and reporting racist incidents to the appropriate authorities both internal and external to the school to endeavour to eradicate such behaviour.

Definition of Racism Our definition of racism is based on:

- The Equality Act 2010 which offers protection from discrimination on the grounds of skin colour, nationality or ethnic origins. The Equality Act 2010 also prohibits discrimination on the grounds of religion or belief.
- The Macpherson Report: 'Conduct or words which advantage or disadvantage people because of their colour, culture or ethnic origin.'

We recognise that racism can include Racial Harassment

This can include:

- Physical assault
- Derogatory name-calling, banter, insults and racist jokes.
- Racist graffiti
- Wearing racist badges
- Carrying or distributing racist material such as leaflet comics or magazines.
- Verbal and non-verbal abuse and threats.
- Incitement of others to behave in a racist manner.
- Expressing prejudices or deliberate misinformation on racial, religious or ethnic distinctions.
- Ridicule an individual for cultural differences.
- Refusal to co-operate with others because of their colour, ethnicity, religion or language.
- *Accessing racist material on the Internet *unless part of a study of racism within curriculum

Racist Bullying

All racist incidents, including those which could be deemed to be racist bullying must be recorded. Where there is evidence that a number of individual racist incidents have been perpetrated against the same child/young person, staff should be vigilant to the possibility that the individual could be experiencing the effect of bullying (i.e. a sense of powerlessness, isolation and distress). The steps taken to resolve alleged racist and bullying incidents are the Links to other policies.

Prevention

Our approach to preventing racism within our school involves direct teaching about racism and its effects, celebrating difference and diversity and promoting equality, inclusiveness and positive behaviour. We do this through

- Whole school ethos, core student values and environment
- Whole school activities
- Curriculum, Teaching & Learning
- Training and support for staff
- Involving students
- Partnerships with parents, carers and communities.

Whole School Ethos and Environment

We aim to create a positive, safe and inclusive environment which values diversity.

- We have high expectations of children's behaviour to show respect for each other and accept responsibility for their behaviour.
- Staff model positive behaviour and communication skills both with students and other adults in the school.
- We teach children the kind of behaviour we expect and reward good behaviour.
- Staff always challenge children when they use prejudice - biased and racist language; explaining why it is wrong and how hurtful it can be.
- We encourage children to tell an adult if they are worried or upset about anything.

- Our children are taught to follow our school values.

Whole School Activities

We have introduced restorative approaches for dealing with conflict.

- We support and promote national campaigns including Show Racism the Red Card, Black History Season and Anti-Bullying Week.
- We have a specific focus on the role of bystanders and allyship and teach children that if they witness racism they should report it to a teacher or trusted adult.
- We teach about equality and actively challenge racial stereotypes and promote equality through displays, stories and images.
- We are a UNICEF Rights Respecting Trust which upholds the rights of the child. Articles 2 and 14 refer specifically to discriminatory behaviours and as duty bearers we identify racist behaviour as an infringement of children's rights.

Curriculum

Anti-racism is covered broadly in the curriculum, covering the statutory content and with a focus on types of racism, the impact and how to report and get help, healthy and unhealthy relationships, respect for difference, stereotyping and its consequences, prejudice and discrimination. Our curriculum actively seeks to inspire children with a range of inspirational people within each subject, celebrating difference in race or gender to reflect the world we live in. The children are taught about the protected characteristics which are present on every knowledge organiser for our foundation subjects.

In PSHE and Relationships Education students learn:

What bullying is and different types of bullying including online/cyberbullying, homophobic, biphobic and transphobic, the impact of bullying on the person, relationships and mental health and how it can develop into prejudice and discrimination, why people bully.

- Strategies to respond to racism, the responsibilities of bystanders what to do about it, how to be an ally and get support.
- The importance of respect for others, being inclusive and celebrating difference and diversity.
- That difference is positive and that we are all unique.
- The negative impact of stereotypes.
- Skills to manage feelings, develop empathy, resolve conflict fairly, to cope with friendship problems and make and maintain healthy relationships

Staff Training & Support

We have annual safeguarding training which includes an update of this policy and to ensure that staff know how to identify racism what to do if it occurs and how to prevent it. We include all school staff to ensure a consistent approach and also because students may disclose details of a racist incident to any member of staff.

All staff can:

- Recognise a racist incident.
- Respond appropriately when they witness a racist incident or one is reported to them.
- Understand the school's policy and procedure and the need for consistent responses and sanctions.

Involving Students

We want all students to contribute to the development of the school's approach to tackling and preventing racism, including when they might be bystanders. We involve students through the equality ambassadors and through feedback on the development of anti-racist resources and lessons.

We ensure that all children:

- Understand that the school is opposed to any form of bullying or harassment including racism or racial harassment.
- Know how the racial incident procedure works and are encouraged to use it without fear of victimisation.
- Understand that all racially motivated incidents are recorded and reported and that serious incidents are reported to the police.
- Know what sanctions and support are available.
- Our children are taught to follow our school values.

Recording and Reporting Racist Incidents

Racist behaviour conducted through social media, messaging applications, gaming platforms, online forums, artificial intelligence platforms or other digital communications will be treated in the same way as face-to-face incidents where there is a sufficient connection to the Academy community.

Any report or allegation of a potentially racist incident requires an investigation even if it is found to have been unsubstantiated. While some investigations will be very simple, others may require witness statements or other supporting documentation. This information will be uploaded to our online reporting platform, CPOMS.

In all cases:

- Records relating to racist incidents will be treated as highly confidential and must be uploaded by the relevant member of staff to CPOMS.
- If there is a detailed investigation (e.g. including witness statements), records of the investigation should be uploaded on to the CPOMS platform.
- Analysis of CPOMS will enable us to learn from particular incidents, highlight trends and monitor progress.
- Any summary of incidents or monitoring report by the school which will be shared with governors, leadership team, staff or the wider school community must not disclose the identity of any individuals involved in racist incidents.
- We will investigate and act upon any racist incident that is reported to school staff promptly, whether taking place at school or outside of school e.g. online, on public transport, outside local shops.
- We will also consider whether it is appropriate to notify the police of the incident. We will communicate with parents of all children involved regularly throughout the investigations.

What will we do if we know a racist incident has been reported?

We aim to have a consistent approach throughout the school to deal with racism and investigate all reports. There is guidance in the staff handbook regarding how prejudice related incidents should be identified, assessed, recorded and dealt with.

We will:

- Identify a senior member of staff to investigate the incident thoroughly.
- Support the child and talk with them about what has happened and what they would like to happen.
- Investigate the incident and talk to each child involved including bystanders, separately to find out what has been happening and why.

- Tell the parents/carers involved and keep them informed of how the incident is being dealt with and whether the racism has stopped.
- Talk with others who have been bystanders to the racism about how they could stop this behaviour in the future and how they can be an ally.
- Keep the situation under regular review to ensure that harassment, abuse or victimisation has stopped and that the victim feels safe.
- Record the incident on CPOMS.
- Consider any curriculum implication including the need for a school assembly or lessons, changes to the behaviour code or any policies.
- Support for the victim and/or the alleged perpetrator.
- Consider if there is a child protection issue in this case.
- Consider seeking advice from the Local Authority Officer. Data on racist incidents are reported to governors each term, including numbers of incidents, types of incident and a summary of how they have been resolved.

What will happen to the child who has been bullied?

We will:

- Take appropriate action to offer support to the victim.
- Meet with the students' parent(s)/guardian/carer to discuss the matter and explain the action taken. An interpreter/translator may be needed at the meetings.
- Reinforce the school's commitment to tackling racist incidents.

What will happen to the child who has been bullying (perpetrator)?

We will:

- An appropriate member of staff should intervene and take immediate action, for example, separating the victim(s) from the perpetrator(s).
- Any racist behaviour should be challenged immediately. The perpetrator should be told that their behaviour is unacceptable and will not be tolerated.
- Appropriate action should be taken to support, educate and monitor the behaviour of the perpetrator to ensure that the racist behaviour will not be repeated.
- The incident should be reported to the Headteacher who should decide whether any further action needs to be taken, including notifying the police and informing the parent(s)/guardian/carer of the relevant student(s) of any investigation and the outcome.
- The Headteacher should consider the use of a full range of sanctions including the use of fixed term or permanent exclusion.
- Discuss the incident with the alleged perpetrator's parent(s)/guardian/carer (if appropriate) and reinforce the school's commitment to tackling racial incidents.
- Spend time talking to the child to try to find out if there are underlying reasons for their behaviour and if they could benefit from support or interventions to help them manage their behaviour and/or develop their personal and social skills.
- Use appropriate approaches e.g. restorative approaches which hold the child accountable for their actions and deter them from further racist behaviour.
- Use formal sanctions, such as keeping them in at lunchtimes. The sanction used will depend on the severity and persistence of the racist behaviour and is explained in our Behaviour Policy under persistent inappropriate behaviour. Where appropriate we will also impose further sanctions, such as exclusion.
- We will also reinforce to all students that racist behaviour is wrong and unacceptable and offer support to those who have been affected

- The Headteacher should also consider whether it is appropriate to notify the police or local authority.
- If the misbehaviour could be criminal or poses a serious threat to a member of the public, the police should always be informed.

Appendix

The Basildon Academies policy statement on tackling racism and promoting multicultural awareness

- The Basildon Academies Trust asserts its opposition to racism and its total commitment to equal opportunities and to treating people fairly regardless of race, ethnicity and culture. The Trust considers that all manifestations of racism are wholly unacceptable and will act positively to eradicate racism where it occurs. The Trust will seek to identify the effects of racism and take effective and systematic action to address racial, ethnic and cultural inequalities.
- The Trust recognises the implications and potential dangers associated with institutional racism, as highlighted by the Stephen Lawrence Inquiry, and commits itself to identifying and eliminating all manifestations of institutional racism within the Academies.
- The Trust is committed to ensuring that every learner participates in a curriculum that takes full account of the richness and variety of the world's cultures and racial groups, and which enables every individual regardless of ethnic or cultural background to fulfil his or her potential to the highest possible standard; so that all, for the benefit of all, are able to shape their destinies and create a better and more harmonious world.

These aspirations will be achieved through:

- The application of the principle of equal opportunities in all that the Academies undertake, so that regardless of race, ethnicity and culture, people and children are treated equally on a day-to-day basis, and in matters such as appointments, employment, funding, contracting, use of language, the curriculum and teaching and learning.
- The systematic and rigorous monitoring and recording of racist incidents; exclusions of ethnic minority students; and ethnic minority achievement, so that the Academies can use the information gathered to act more effectively and target more appropriately in order to eliminate racist incidents, and exclusions and under-achievement of ethnic minority students.
- Multicultural and anti-racist education in the Academies, so that all children and young people develop understanding of and respect for people of diverse racial, ethnic and cultural backgrounds; are able to recognise and challenge discrimination and stereotyping; and are appropriately prepared for life as citizens in a multicultural society and for the opportunities and challenges presented by increasing globalisation.
- Awareness raising through a range of training programmes, so that everyone working within the Academies is made aware of the genuine commitment of the Trust to tackling racism and promoting multicultural awareness, and of the implications of this for each person in terms of their professional practice.
- As appropriate, regular consultation with representative ethnic minority groups within the community, so that members of ethnic minorities are actively involved in Academy initiatives concerned with anti-racism and multicultural awareness, and the Academies take account of their sensibilities and views
